Subject: APPROVED: HREC RESPONSE 2: Sanders HIGH-IMPACT AF study HREC/17/RAH/416 R20171001

Dear Kashif,

Re: RAH Protocol No: R20171001 HREC/17/RAH/416

Title: The IMPACT of central HIGH blood pressure on Atrial Fibrillation and cardiovascular outcomes. (HIGH IMPACT- AF STUDY).

Thank you for the email below with attached documentation for the above study for review, including:

- Updated Participant Information Sheet - Intervention V3.1 November 2017
- Updated Participant Information Sheet - Control V3.1 November 2017
- Consent Form
- Study Protocol V3.1 November 2017

I have reviewed the document(s) and the study is **APPROVED**, effective **from the date of this email**.

Please accept this e-mail as **Acknowledgement of Receipt, Review and APPROVAL** of the document(s), **on behalf of RAH Human Research Ethics** and retain a copy for your records.

For multi-centre studies a copy of this email must be forwarded to Principal Investigators at every site approved by the RAH HREC for submission to the relevant Research Governance Officer along with a copy of the approved documents.

A formal letter will follow in due course.

If you have not already done so, you will also need to complete a **Site Specific Assessment Form**, as per SA Health Governance Policy and local site requirements for research studies.
