Dear Dr Lee,

Re: Ref N^o: HREC/15/QRBW/97: ROTEM® and platelet function in pre-eclamptic obstetric patients: A prospective observational study on labour ward inpatients

I refer to correspondence dated 22 June 2017 (*received on 27 June 2017*) in regard to this study. On 27 June 2017, I reviewed and approved of the changes, which will be noted by the Committee at its 14 August 2017 meeting.

The documents listed below are approved:

- Study Protocol, Version 5 dated 22.06.2017
- Patient Information Sheet - Opt-Out of Research Form, Version 5 dated 22.06.2017

If you have not already done so, please liaise with the RBWH Research Governance Office (07 3646 8579) regarding any site specific requirements.

It should be noted that all requirements of the original approval still apply. Please continue to provide at least annual progress reports until the study has been completed.

Please accept our best wishes for the remainder of the study and should you have any queries, please do not hesitate to contact the Research Ethics Coordinator on 07 3646 5490.

Yours sincerely,

A/Prof Susan Patterson
