QUESTION

1 I was satisfied with the rate at which the level of challenge increased for my child during the intervention.	1	2	3	4	5	6	7	NA
2 The intervention allowed a progression towards eating more foods orally.	1	2	3	4	5	6	7	NA
3 The techniques we were taught were easy to use.	1	2	3	4	5	6	7	NA
4 The techniques we were taught were highly effective.	1	2	3	4	5	6	7	NA
5 I was kept informed of what was happening during sessions.	1	2	3	4	5	6	7	NA
6 Those providing the intervention believed that we would be successful.	1	2	3	4	5	6	7	NA
7 This intervention had benefits that extended to other areas of my child's life (not just eating).	1	2	3	4	5	6	7	NA
8 Starting to eat again led to better health.	1	2	3	4	5	6	7	NA
9 Starting with small steps such as simple foods/small amounts made mealtimes easier.	1	2	3	4	5	6	7	NA
10 It was easy to keep up with the required recording and information gathering	1	2	3	4	5	6	7	NA
11 The duration of the intervention did not prevent it from being successful.	1	2	3	4	5	6	7	NA
12 By the end of the intervention my child was eating a satisfactory variety/range of foods.	1	2	3	4	5	6	7	NA

QUESTION

13	The gradual approach to increasing oral eating was helpful.	1	2	3	4	5	6	7	NA
14	The number of intervention sessions were enough to make progress.	1	2	3	4	5	6	7	NA
15	To see progress with the problem we needed a new therapist/team to come in with a fresh perspective.	1	2	3	4	5	6	7	NA
16	It was helpful that the therapist/s communicated with me and reminded me about what was happening.	1	2	3	4	5	6	7	NA
17	Trying new foods improved due to the intervention.	1	2	3	4	5	6	7	NA
18	Drinking was included as an important part of the intervention.	1	2	3	4	5	6	7	NA
19	This would be an important intervention for others in similar situations.	1	2	3	4	5	6	7	NA
20	I was happy that there were safeguards in place to rule out physical problems before the intervention	1	2	3	4	5	6	7	NA
21	Each person involved in the intervention had a role to play in encouraging its success.	1	2	3	4	5	6	7	NA
22	It did not take much time to learn the techniques before they became easy to use.	1	2	3	4	5	6	7	NA
23	This intervention does not take a lot of time.	1	2	3	4	5	6	7	NA
