Dear Dr McClure,

Reference number: McClure 11072019

Project title: Precision medicine in liver transplantation: a personalised approach to immunosuppression

Thank you for submitting the above research project for ethical review. Your project has been assigned the reference: McClure 11072019. This number must be quoted in all correspondence to this Ethics Committee. The project was considered by the A/Secretary on behalf of the Blood Service Ethics Committee. I am pleased to advise you that this research project has been granted ethical approval.

Approval of this project from the Blood Service Ethics Committee is valid from 11 July 2019 to 11 July 2022 subject to the following conditions being met:

- The Principal Investigator will immediately report anything that might warrant review of ethical approval of the project.
- Approval will be sought from the Committee for any proposed changes to the protocol, including changes to investigators, and changes to the approved documents listed above. An approval letter from the Blood Service Ethics Committee must be received before the amendment is implemented.
- The Blood Service Ethics Committee will be advised if the research project is discontinued before the expected date of completion, if commencement is delayed, or if the duration of the project will extend past the approval period listed above.
- A brief report will be provided to the Blood Service Ethics Committee annually and at the completion of the project.

Should you require any further information, please contact the Ethics Secretary at ethics@redcrossblood.org.au.

Yours faithfully,

Kendell Ferguson
