Dear Dr Bhutada

Title: Effectiveness of at-home treatments in the management of jaw muscle pain [Protocol No. 9547]

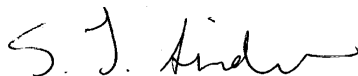

Your request to modify the above application was considered by the Executive of the Human Research Ethics Committee (HREC) on 27 January 2011.

The amendments, as approved by Sydney West Area Health Service HREC on 16 November 2010, have been recognised and approved by the University of Sydney HREC.

It is noted that SWAHS HREC is the lead Ethics Committee for this protocol.

Please do not hesitate to contact Research Integrity (Human Ethics) should you require further information or clarification.

Yours sincerely

Dr Stephen Assinder
Chair
Human Research Ethics Committee
