Subject: Approval for research proposal:

Respected Mr. Muhammad Fawad,

On behalf of KKT/ CORC ISL, this is my privilege to inform you that we have reviewed your thesis proposal entitled "Effects of Decompression Therapy with and without Oxygen in the Patients of Lumber Disc Protrusion, A Randomize Control Study". We recommend that the proposal may be commenced as planned.

Please note that this approval is for a period of two months from the date of issuance and will require fresh approval if the study requires extension. If you make any changes to the protocol during this period, you are advised to submit a revised protocol to KKT/ CORC ISL, for approval before implementing the changes. In case of query regarding KKT/ CORC ISL observation, please feel free to contact at: hr@corcpakistan.com.

With kind regards

Sincerely

Mr. Irfan Hanif
