Project authorisation is valid for **one (1) year** from **31 January 2024 to 31 January 2025**. An annual progress report requesting an extension must be submitted if the duration of the project continues beyond this period.

GENERAL TERMS AND CONDITIONS OF ETHICAL APPROVAL:

- 1. The CALHN HREC is the South Australian (SA) 'lead HREC' for the purpose of this ethics approval. Any study sites that are not listed on this letter are not covered by the CALHN HREC approval.
- 2. The study must be conducted in accordance with the standards outlined in the National Statement on Ethical Conduct in Human Research (2007), the Australian Code for the Responsible Conduct of Research (2018), and SA Health policies.
- 3. Adequate record keeping must be maintained in accordance with Good Clinical Practice, and the NHMRC, state, and national guidelines. The duration of record retention for all low risk research data is five years from the date of publication.
- 4. Proposed amendments to the research protocol or conduct of the research which may affect the ongoing ethical acceptability of the project must to be submitted to CALHN Research Services. Researchers are required to immediately report anything which might warrant review of ethical approval of the study, including:
 - a) Adverse events which warrant protocol change or notification to research participants;
 - b) Changes to the protocol;
 - c) Changes to the safety or efficacy of the investigational product, device or method;
 - d) Matters that may affect the conduct of the project;
 - e) Premature termination of the study.
 - 5. Confidentiality of the research participants must be maintained at all times as required by law.
- 6. A report of the progress of the project at least annually, and related to the degree of risk to participants. The report is due on the anniversary of project authorisation. Continuation of approval is contingent on submission of this report, due within 14 days of the approval anniversary. Failure to comply may result in suspension of the project
- 7. A final report if the outcome of the project must be submitted on completion of the project. A copy of any published material must also be provided with the report, or following when available.
- 8. A copy of this letter should also be maintained on file by the Coordinating Principal Investigator as evidence of project authorisation.
- 9. If University personnel are involved in this project, the Principal Investigator should notify the University before commencing their research to ensure compliance with University requirements including any insurance and indemnification requirements. A copy of compliance confirmation must be forwarded to CALHN Research Services upon receipt.

You are reminded that this letter constitutes ethical approval only. You must not commence this project until governance authorisation from the NALHN Research Governance Office has been received.

Should you have any queries about the consideration of your project, please contact Health.CALHNResearchLNR@sa.gov.au.

All future correspondence regarding this study must include the CALHN reference number in the subject header.

We wish you every success in your research.

Yours sincerely,
